The beautifully landscaped backyard can be accessed through garden glass sliding doors from the dining area, which highlights ten-foot ceilings and large windows that enhance natural light. The west-facing backyard has been professionally landscaped with an interlocking brick patio and walkway, Alan stone retaining wall, and a raised garden area. There is a rough-in for an inground sprinkler system. The garden presents a vibrant array of perennials and seasonal flowers, and the mature trees provide a high degree of privacy. Additionally,

there is an extra deck designated for barbecues and additional seating. The full basement remains unfinished and ready for future expansion ideas. This home has been meticulously maintained by long-term owners. Recent updates over the past three years include a new roof (2023), new luxury vinyl plank flooring throughout the main floor (with hardwood beneath the vinyl), stainless steel appliances (2022), and a new washer/dryer (2022).
